Dear Parent,

We are delighted to inform you that that St. Xavier's Higher Secondary School, Bettiah has partnered with Mindspark (Educational Initiatives) which has helped students of our school to learn uninterrupted during these difficult times.

Mindspark Maths was made completely free to use for 75 days to help our students from Std. 1 to 10 learn Maths from the comfort of their homes. The trial period has resulted in generating more interest in students to practise Maths with Mindspark and played a crucial role in improving their learning outcomes.

How can Mindspark help your child learn Maths with understanding?

Mindspark, the most reviewed maths learning program helps children scare away their fear of Maths through:

- Creating a unique learning path for your child, so your child gets personalised attention, clearing his old misconceptions.
- Instant feedback and remediation for misconceptions, via various methods such as animations, detailed explanations, games and activities.
- Interesting explanations of concepts to master them.
- Challenging and thought-provoking questions to develop the higher order thinking.
- Rewards such as Sparkies to ensure that our child is encouraged to do more and learn more.

There are so many more Maths topics for your child to explore and master. More Sparkies and challenges are waiting to be earned as your child progresses in their learning journey with Mindspark.

Special Offer for the students of St. Xavier's Higher Secondary School, Bettiah.

We encourage you to help your child pursue their engaging Maths learning journey with Mindspark. You are eligible to receive an exclusive 44% discount as St. Xavier's Student. Last date to avail the discount is 30 June 2020.
